BE
Prepared

Investigating Current Auto Theft Trends

Intensive 5 hour workshop

Workshop Information

- ~ Latest statistics and trends
- ~ Identify Insurance Fraud & Auto Theft Scams
- ~STOP the Thefts, Fraud & Deaths
- ~ Illegal Street Racing, Show, Drift and Drag Trends and Solutions
- ~ Identifying Stolen Vehicles and their Components
- ~ Illegal Gray Market Cars & JDM
- ~ Video of Suspects Detailing their various crimes and M.O.s
- ~ Internet Insights and Issues

~The most stolen and claimed against vehicles are the 1990s model years. 70% of consumers plan to purchase a used vehicle for their next ride. More than half of those vehicles will be modified with custom parts and/or accessories. Thefts and Claims are expected to rise with the current industry projections.

~ Officers and Investigators can save lives and prevent injuries by learning what to look for in these theft and fraud vehicles and taking them off the streets before something happens.

Current and upcoming trends and investigative techniques are identified, explained and solutions are presented. When these techniques are implemented they will assist in; recovering stolen vehicles and property, locating chop shops and preventing deaths and injuries involving modified vehicles such as those used in Illegal Street Racing, Drifting, Canyon Carving, Side-Shows, and other Dangerous Trends.

Workshop to be Held at Ontario Police Departments Training Room

www.ProtectOurStreets.org/training.html (888) 724-2597

Testimonial

"Mike Bender's presentation concerning the direct link between Street Racing and Auto Crimes is without the doubt the most comprehensive available world wide.

Mike's direct knowledge and enthusiasm is very evident in the first minutes of his presentation.

As a long time auto crimes investigator and a drag racer I can attest that Mike's program is filled with current and accurate information.

This class is a must for any street officer, auto theft investigator or insurance investigator."
